Aspiring Software Developer | AI and ML Student

Second-year B.Tech CSE student specializing in Artificial Intelligence and Machine Learning at SRM Institute of Science and Technology, Ramapuram. I enjoy learning by building, exploring AI tools, and steadily strengthening my software development foundations.

EDUCATION

SRM Institute of Science and Technology, Ramapuram

B.Tech in Computer Science Engineering with specialization in Artificial Intelligence and Machine Learning - Second year

SKILLS

- Programming: C, C++
- Learning focus: AI tools, LLM workflows, problem solving
- Tools: GitHub, VS Code, ChatGPT-assisted development
- Interests: AI, software development, automation, football analysis

PROJECTS

Telegram content scheduler bot

Built a Telegram chatbot that schedules LinkedIn posts twice a week to keep a profile active and consistent. The project shows practical automation work and applied AI-assisted development.

CERTIFICATE

IBM SkillsBuild - Basics of Machine Learning

ABOUT

I am an aspiring software developer who learns best through practice and small projects. I am especially interested in AI models, LLMs, and using technology to automate useful work. Outside academics, I enjoy football, the gym, and the occasional game to reset my mind.
